PROFESSIONAL SUMMARY

Junior social media, content, and paid social specialist with hands-on project experience in research, positioning, campaign ideation, content calendars, AI-assisted visuals, short-form video, and Meta campaign execution. I turn business research into clear content systems, then use performance data to improve creative, audiences, and conversion paths.

CORE SKILLS

Strategy & Planning: social media audits, client research, competitor analysis, audience insights, positioning, content pillars, campaign concepts, content calendars, and KPI tracking

Content & Creative: creative briefs, bilingual content, hooks, captions, carousels, campaign visuals, brand storytelling, production direction, and AI-assisted art direction

Reels Production: original video capture, shot selection, pacing, captions, sound, transitions, editing, and final exports in CapCut

Paid Social: Meta Ads Manager, campaign setup, audience testing, budgets, creative testing, optimization, cost-per-result analysis, and reporting

Vibe Coding & Tools: Codex, GitHub Copilot, ChatGPT, Claude, Gemini, Canva, CapCut, PowerPoint, Google Sheets/Excel, Meta Business Suite, and Slack

EXPERIENCE

Marketing Intern - Content & Social Media | 4mind | Cairo, Egypt | 2026-Present

- Produce 8-10 social posts per week across Facebook, Instagram, TikTok, LinkedIn, and WhatsApp Channel against structured weekly targets.
- Research audiences and competitors, develop post ideas and creative direction, and prepare social content and campaign documentation for review.
- Capture original video footage and edit Reels from raw clips to final delivery, including pacing, captions, transitions, sound, and platform formatting.
